

# The Right Stuff of Tahoe, Incorporated

Storage Solutions for Geological Drill Samples

## EVCO Chip Box

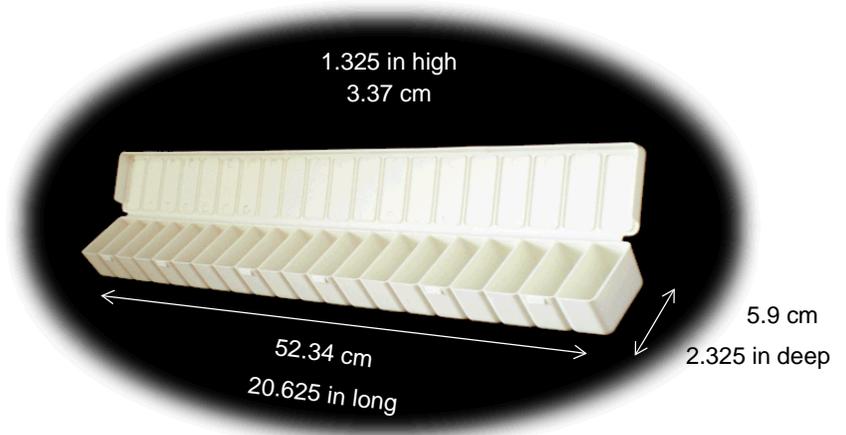

Stores and organizes  
drill sample chips

- **Rugged plastic**

- UV-resistant
- Six snaps ensure single-hinge lid stays shut
- Easy open: twist slightly to pop, then lift lid
- **Storage volume:** 53 cubic inches  
873 cubic centimeters

- **20 compartments, each individually sealed**

- **Each compartment:** 2" D × 1" W × 1.25" H  
5.08 cm D × 2.54 cm W × 3.175 cm H
- **Compartment volume:** 2.65 cubic inches  
43.65 cubic centimeters

Rugged, reusable, and recyclable. Superior resistance to chemicals, sun, water, and cold. Reduces the total cost of ownership, when compared with metal, wooden, or waxed cardboard boxes. Rebuffs termites and beetles. Won't rust, corrode, swell, rot, or get waterlogged. Weather-tough: ideal for outdoor storage.

Perfect complement to

- EVCO Core Boxes and Chocks
- Core-Done-Blue™ Trays, Lids, and Separators
- The Right Core Box™ Flat-folding plastic
